## Modern Retail Lighting

Light is the art of selling  
Light is attractive  
Light is guiding

From 1993 GRACION started to lead the way in the field of future lighting technology, anticipating the lighting developments. We are dedicated to stability. GRACION offers a suitable balance between modern lighting design and economic accessibility. The lighting products and their visual experiences are designed to satisfy the customer aesthetically, functionally and economically.

GRACION provides technology in harmony with environmental awareness and social responsibility. GRACION is complying to the European directives and German standards. We have numerous references from international brands and companies and will continue to satisfy GRACION customers.

## Lighting Solutions

we are an international company for quality and energy-efficient lighting technologies. the focus is on the production of the lamps and lichterlebnissen for every industry.the gracion research makes sure that the future of our major in industry.

### Retail

Crafting lighting concepts for retail is a complex task. It involves selecting from a huge range of products and brands and developing the right lighting dramaturgy for them. Other factors that need to be considered include functionality ,energy consumption optimisation,aesthetics and artistry. Dramatic, focused, color-perfect Gracion lighting helps motivate customers as never before.

### Commercial

The success of a new boutique depends crucially on concept, interior design and lighting solution. As well as targeted use of general, accent and effect lighting, energy efficiency and economy are increasingly important topics.Measures that can improve the energy balance of a lighting installation also reduce operating costs and thus contribute to commercial success.

### Supermarket

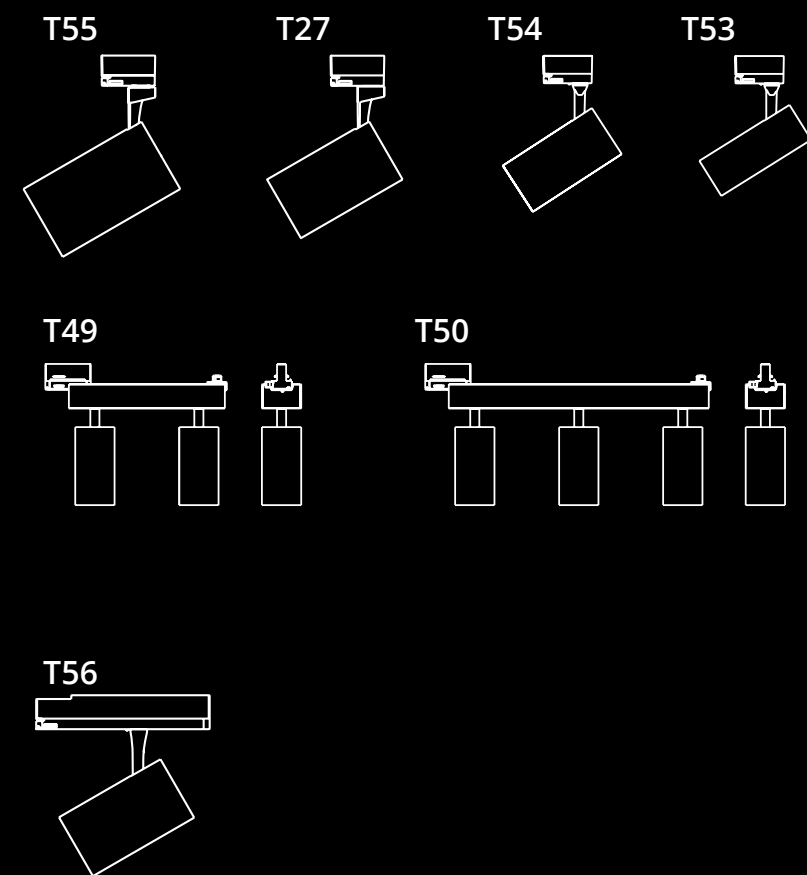

The right light makes food shoppers hungry for more.Foodstuffs are not the only everyday products that need to be attractively presented in a supermarket. In the drive for energy efficiency and sustainability, "energy-reduced" lighting concepts and LED solutions are increasingly making a mark.

### Hospitality

The right light is designed to delight your customers. Gracion hospitality lighting inspires sophisticated, relaxing, tailored hospitality spaces and contributes to simply unforgettable customer experiences.
